

Réserve

by Maison Gutowski

ORIGIN	AOC Côtes de Provence
CERTIFICATION	Organic wine – FR BIO 10 Agriculture France. Wine produced from grapes grown in biodynamic agriculture.
VARIETY	Cinsault, Grenache, Rolle
GRAPES VARIETIES	Based on two very complementary types of terroir, one clay-limestone, the other sandstone, we have focused on the selection of old vines, most of which are over 20 years old.
VINIFICATION	Harvested at night, with a short skin maceration before direct pneumatic pressing. Vinification of each plot separately, the juices are settled at low temperature in thermo-regulated stainless steel tanks. Malolactic fermentation is blocked to preserve a subtle acidity, and maturation on lees is accentuated to bring finesse and character to the finish.
TASTING NOTES	An expressive floral bouquet mixed with notes of white fruit and Provence herbal flavor. A beautiful attack in the mouth which brings all its freshness with a subtle chalky minerality. Working with delicacy with the lees brings all the balance and complexity to our wine, with subtle note for connoisseur.
